- A. A pledge of “eligible securities” with an aggregate “market value” as provided by GML §10, equal to the aggregate amount of deposits from the categories designated in Appendix B to this Investment Policy.
- B. An eligible “irrevocable letter of credit” issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
- C. An eligible surety bond payable to the Corporation for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

Eligible securities used for collateralizing deposits shall be held by the depository bank or trust company subject to security and custodial agreements. In order to provide the Corporation with a perfected security interest in such security or custodial agreement, the agreement must provide for the following:

In the event the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Corporation or its custodial bank.
- C. That securities held by the bank or trust company, as agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstance, be commingled with or become part of the backing for any other deposit or other liabilities.
- D. That the custodian shall confirm the receipt, substitution or release of the securities held on behalf of the Corporation.
- E. The frequency of reevaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility.
